SNACKS & BITES

SAVOURY POPCORN **VEGAN** 5

The classic crunch-fest. Perfect for a solo mission or sharing (if you're into that)

WASABI FRIES **VEGAN** 9

Crispy, creamy, with a wasabi kick that says hello and goodbye in one bite.

BITTERBALLEN **VEGAN** 8

Crunchy Dutch classics gone plant-based so good, you won't know the difference.

DIPS & TORTILLA CHIPS **VEGAN** 7

Crispy chips with dips that do the heavy lifting because sometimes snacking is the main event.

MUSHROOM CROQUETS **VEGAN** 11

Earthy mushrooms in a crispy jacket of joy because croquets don't need meat to be magic.

DESSERTS

EARL GREY CHEESECAKE 7

Light, fluffy, and probably the only good decision you'll make all week

CAKEPOP **VEGAN** 4

Plant-based, sweet, and adorable. Go on, eat two

DINNER

BEEF TATAKI 13

Seared beef, ponzu, and daikon doing a delicate dance because raw-ish can be ridiculously good.

CORN RIBS **VEGAN** 9

Sweet corn ribs with kombu seaweed just enough to make you feel fancy

BURNED ENDS 12

Pork belly, ginger, and smoky caramelisation that'll make you question every other BBQ ever

CHILI CHICKEN SKEWER 11

Skewered chicken with a chili twist for those who like their spice on a stick

CRAB ROLL 14

Soft shell crab, citrusy kick, and a buttery brioche because soft + crunchy is a love story in a bun.

RED PERCH CEVICHE 11

Zesty, citrus-cured fish with just the right bite fresh enough to slap you awake (in a good way)

PALMHART CEVICHE **VEGAN** 8

Tropical, tangy, totally plant-based for when you want the vibe, not the fish.

PULLED PORK TACO 8

Just one taco — stacked with slow-cooked pork, enough to make you wish you'd ordered two.

CAULIFLOWER TACO **VEGAN** 7

Crispy cauliflower, creamy sauce, spicy crunch who knew plants could party this hard?

QUESA BEEF TACO 8

Juicy, beefy goodness folded into one basically a taco in its final evolution.

TEMPURA FISH TACO 8

Crispy fish, tangy slaw, and a dash of lime proof that tempura belongs in a tortilla.
